

7 of the top 10 software and programming companies subscribe to IEEE *Xplore*.

Source: 2015 Forbes Global 2000 rankings

Available in IEEE *Xplore*:
IBM Journal of Research and Development

"IBM is proud to join IEEE in the combined publication of the *IBM Journal of Research and Development* and the *IBM Systems Journal*."

—Dr. John Ritsko, Editor-in-Chief Emeritus
IBM Technical Journals

Computer Software Organizations Innovate with IEEE Information

Whether you're researching software standards, cloud computing, predictive modeling, SQL or any other computer software technology, IEEE is your gateway to the most vital information in the industry today. With the intuitive IEEE *Xplore*® digital library, you'll find the journal articles, conference proceedings, and standards needed to lead computer software innovation—and boost your company's bottom line.

IEEE Information Drives Computer Software Patents

Today's computer software corporations deliver new patented technologies at an ever-increasing pace, based on research that is at the forefront of the industry. Patent references to IEEE papers have increased 896% since 1997 and recent studies of the top patenting companies show that **IEEE scientific and technical articles are cited over 3 times more often than any other scholarly or commercial publisher.**

IEEE: the Top-Cited Publisher in Computer Software Patents

IEEE is the top scientific and technical research source with 31% of all patent citations in computer software.

Essential IEEE Content in Computer Software Technology

IEEE content remains crucial to the computer software industry—providing research in a wide variety of topics through the IEEE *Xplore* digital library.

| | |
|--|-------------------|
| Service Oriented Architecture/ Software as a System | 12,200+ documents |
| Cloud Computing | 25,800+ documents |
| Data Mining | 78,200+ documents |
| Software/Systems Testing | 51,100+ documents |
| XML | 14,000+ documents |
| Open Source | 12,500+ documents |
| Social and Collaborative Networks/ Computing | 17,300+ documents |
| Mobile and Pervasive Computing | 63,600+ documents |
| Internet of Things/M2M | 8,800+ documents |
| Requirements Engineering | 3,500+ documents |

Counts are accurate as of March 2016 and include IEEE/IET and IBM content.

The IEEE Xplore® Digital Library

Find a subscription that's right for you—from tailored journal collections to the entire research catalog—with the IEEE Xplore digital library. Along with journals, magazines, conferences, standards, eBooks, and eLearning, IEEE Xplore delivers:

- The world's most highly cited journals in technology
- Nearly 4 million full-text documents
- Full-text, searchable PDFs for all documents, and a growing number of HTML documents
- Full INSPEC abstract and citation records
- Weekly content updates—approximately 20,000+ new IEEE/IET articles every month
- Multiple search options
- Interactive reference linking
- Free email alerts

IEEE Leads Computer Software Technology

IEEE enables innovation as a leading developer and producer of content across a wide range of industries, from standards to conferences, eBooks, and eLearning courses for aspiring individuals and growing organizations. Below is a sampling of IEEE content.

Journals

- Computer Magazine*
- IEEE Internet Computing Magazine*
- IEEE Micro Magazine*
- IEEE Transactions on Multimedia*
- IEEE Transactions on Software Engineering*
- IEEE Software Magazine*
- IEEE Transactions on Visualization and Computer Graphics*

IEEE Publishes Top-Cited Computer Content

- 7 of the top 10 journals in Computer Science, Hardware & Architecture
- 17 of the top 20 journals in Telecommunications

Source: 2014 Thomson Reuters Journal Citation Reports, published June 2015

Conferences

- Conference on Software Engineering Education and Training
- Euromicro Conference on Software Engineering and Advanced Applications
- IEEE International Conference on Software Engineering
- IEEE International Workshop on Software Evolvability
- International Conference on Software Engineering Advances
- International Conference on Software Engineering, Artificial Intelligence, Networking, and Parallel & Distributed Computing
- International Conference on Software Testing, Verification, and Validation
- NASA/IEEE Software Engineering Workshop

Standards

| | |
|------------|---|
| 1044 | IEEE Standard Classification for Software Anomalies |
| 24765-2010 | Systems and Software Engineering—Vocabulary |
| 15289 | Systems and Software Engineering—Content of Life-Cycle Information Products (Documentation) |
| 26514 | IEEE Standard for Adoption of ISO/IEC 26514:2008 Systems and Software Engineering—Requirements for Designers and Developers of User Documentation |
| 829-2008 | IEEE Standard for Software Test Documentation |
