

IEEE/IET Electronic Library

IEEE *Xplore*[®] Digital Library Subscription Option

Drive innovation with the most comprehensive collection from IEEE

Featuring content from IEEE, as well as the Institution of Engineering and Technology (IET), the IEEE/IET Electronic Library (IEL) contains one-third of the world's current literature in electrical engineering, communications, and computer science. IEL provides access to technology's most trusted journals, conference proceedings, and standards—giving you the research you need at an outstanding value.

IEL delivers key benefits for researchers:

- **Drive new ideas**, designs, and applications with cutting-edge research
- **Develop better solutions faster** by understanding the technology landscape
- **Stay ahead of new advancements** and benchmark competitor research
- **Increase productivity** by reviewing previous research so you don't reinvent the wheel
- **Accelerate innovation and patent development** with convenient access to proven research all in one place
- **Increase scholarly output** and new research development

New Subscription Titles for 2017

Always at the forefront of technology, IEEE adds new journals every year:

- *IEEE Communications Standards Magazine*
- *IEEE Journal of Electromagnetics, RF and Microwaves in Medicine and Biology*
- *IEEE Transactions on Emerging Topics in Computational Intelligence*
- *IEEE Transactions on Green Communications and Networking*
- *IEEE Transactions on Radiation and Plasma Medical Sciences*
- *IEEE Journal of Radio Frequency Identification (RFID)*

IEEE/IET Electronic Library Quick Facts

Save time and money with convenient access to vital technology research:

Unlimited access to more than four million full-text documents

184 IEEE journal, magazine, and transaction titles

26 IET journal and magazine titles

1,500+ IEEE conference titles

20+ IET conference and seminar digests

More than 3,400 approved and published IEEE standards, excluding drafts

IEEE Redline Versions of Standards (where available), select VDE conference papers, and *Bell Labs Technical Journal*

Backfile to 1872 for many titles, complimentary with an active subscription.

Subscribing to all current IEEE and IET publications separately costs more than US\$904,000. **A typical IEL subscription includes more content for just a fraction of the price.**

With pricing tailored to the needs of your organization—you can be sure you're getting the best value for your money.

Access respected technology research that generates results

IEEE *Xplore* includes **top-ranked journals and technology research that is cited in patents three times more often than any other publisher.** With more than four million full-text articles and papers, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computer science.

Find relevant research faster with powerful search tools

IEEE *Xplore* combines an easy-to-use interface with powerful search features that make finding relevant research faster and more efficient.

Search: Intelligent features such as convenient type-ahead, a functional search breadcrumb trail, and a "Refine/Expand Results" module let you modify and find results easier than ever before.

Personalize: You can also personalize IEEE *Xplore* to create targeted saved searches and table of contents alerts, and set personal preferences.

Collaborate: Now integrated with the new IEEE Collabratec[™] online communities and private groups, it is easier than ever for users to collaborate and organize their project documents.
