

IEEE Power & Energy Library

IEEE *Xplore*[®] Digital Library Subscription Option

Superior power and energy research—and a subscription that grows with your company

Advance innovation with the IEEE *Xplore* digital library subscription designed for power and energy organizations with growing research needs. The IEEE Power & Energy Library provides access to technology's most trusted power and energy research—from IEEE, and other highly regarded publishers—with **flexible pricing levels** that meet the needs and budget of companies of any size.

IEEE Power & Energy Library delivers key benefits for your research team:

- **Drive new ideas**, designs, and applications with cutting-edge research
- **Develop better solutions faster** by understanding the technology landscape
- **Stay ahead of advancements** and benchmark competitor research
- **Increase productivity** by reviewing previous research so you don't reinvent the wheel
- **Accelerate innovation** with convenient access to proven research all in one place
- **Share vital information** with a company-wide online file cabinet

See what your colleagues are reading with the IEEE *Xplore* file cabinet

Share downloaded documents with colleagues by storing them in a company-wide online file cabinet. Once each unique document is in the file cabinet, anyone in the company can access it without using another download—making it easy to work together and fuel innovation.

Note: The shared file cabinet stores a maximum of 10,000 documents

IEEE Power & Energy Library: Delivered through the IEEE *Xplore*[®] Digital Library

Access respected technology research that generates results

IEEE *Xplore* includes **top-ranked journals and technology research that is cited in patents three times more often than any other publisher.** With more than four million full-text articles and papers, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computer science.

Find relevant research faster with powerful search tools

IEEE *Xplore* combines an easy-to-use interface with powerful search features that make finding relevant research faster and more efficient.

Search: Intelligent features such as convenient type-ahead, a functional search breadcrumb trail, and a "Refine/Expand Results" module let you modify and find results easier than ever before.

Personalize: You can also personalize IEEE *Xplore* to create targeted saved searches and table of contents alerts, and set personal preferences.

Collaborate: Now integrated with the new IEEE Collabratec™ online communities and private groups, it is easier than ever for users to collaborate and organize their project documents.
