IEEE Standards Select

IEEE *Xplore*® Digital Library Subscription Option

Maximize research and development with a customizable standards package

IEEE standards are used around the world to help industries and companies open business opportunities, generate public and customer trust, build order in the marketplace, and enhance safety. IEEE Standards Select lets you build an IEEE standards subscription that's just right for your company.

IEEE Standards Select delivers key benefits for your research team:

- **Access to new and revised standards,** including draft standards
- **Increased productivity** by having all your standards in one place
- **Real-time updates** to the most vital standards in your industry
- **Subscription packages** available to fit your company's needs
- **Collaborate and share** with colleagues

Choose standards in a variety of technologies:

- Design automation
- Electromagnetic capability
- Energy development/ power generation
- Health informatics/medical device communication
- Information technology
- LAN/MAN
- Nuclear engineering
- Portable applications (POSIX)

- Power transformers, distribution, and regulation
- Protective relaying
- Smart grid
- Software engineering
- Switchgear
- Telecommunications
- Testing, instrumentation, and measurement
- Transportation technology

Quick Facts

Help your technology professionals stay current with a customizable standards package:

Choose from approximately 10,000 IEEE standards documents

Note: Does not include access to the NESC® or Arc Flash families of standards

Automatic email alerts on new standards and drafts

Search standards by subject, title, designation, and keywords using IEEE *Xplore*

Available in two purchase options:

Standards Select Lease
Provides leased access to the number of standards you choose for one year

Standards Select Perpetual Access
Provides perpetual access to the number of standards you choose

Create a corporate standards library with the IEEE *Xplore* file cabinet

Share downloaded standards by storing them in a company-wide online file cabinet. Once each unique document is in the file cabinet, anyone in the company can access it without using another download.

For a custom quote, contact an IEEE Sales Representative.

IEEE Standards Select

Delivered through the IEEE *Xplore*® Digital Library

Access respected technology research that generates results

IEEE *Xplore* includes **top-ranked journals and technology research that is cited in patents nearly three times more often than any other publisher.** With more than 6 million full-text documents, IEEE *Xplore* is your gateway to approximately 30% of the world's current literature in electrical engineering, electronics, and computing.

Find relevant research faster with powerful search tools

IEEE *Xplore* combines an easy-to-use interface with powerful search features that make finding relevant research faster and more efficient.

Search: With a robust search engine, Basic, Advanced, and Author search options and a "Refine/Expand Results" module let users modify and find results more easily.

Personalize: Users can also personalize IEEE *Xplore* to create targeted saved searches and table of contents alerts, and set personal preferences.

New Features: These include a simplified sign in process; an expanded search history; My Research Projects enhancements and other personalization features; and the option to follow your favorite IEEE author with Author Alerts.

IEEE *Xplore* also provides:

- More than 6 million documents in full-text PDF format, with over four million in a robust, dynamic HTML format
- Multiple authentication options for on-site, remote, and mobile users
- Abstract/citation and bibliographic records for subscribed content
- Mobile-friendly design
- Daily content updates

IEEE standards are valuable in a variety of areas, including:

- Product design
- Reference
- Compliance programs such as ISO 9001
- Purchasing specifications
- Legal and patent issues
- Safety requirements
- Maintenance
- Quality assurance
