

Automotive Organizations

Innovate with IEEE Information

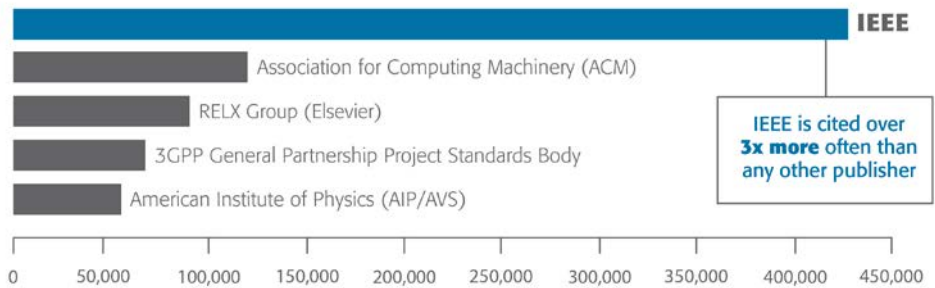

Whether you're developing intelligent transportation systems, alternative fuel applications, navigation software, or any other automotive technology, IEEE is your gateway to the most vital information in the industry today. With the intuitive IEEE *Xplore*® digital library, you'll find the journal articles, conference proceedings, and standards needed to lead automotive innovation—and boost your company's bottom line.

IEEE Information Drives Technology Patents

Today's automotive corporations deliver new patented technologies at an ever-increasing pace, based on research that is at the forefront of the industry. Organizations like Toyota, General Motors, Ford, Honda, and SAIC all cite high proportions of IEEE literature in patents for new technology.

Patent references to IEEE papers have increased 838% since 1997 and recent studies of the top patenting companies show that **IEEE scientific and technical articles are cited over 3 times more often than any other publisher.**

Patent References from the Top 5 Publishers

Essential IEEE Content in Automotive Technology

IEEE content remains crucial to the automotive industry—providing research in a wide variety of topics through the IEEE *Xplore* digital library.

Hybrid-Electric Vehicles	12,700+ documents
Ad-hoc, Mesh, M2M and Sensor Networks	48,600+ documents
Mechatronics	35,300+ documents
GPS	19,000+ documents
Remotely Operated/Driverless/Intelligent Vehicle	28,800+ documents
Embedded Systems	33,000+ documents
Cognitive/Agile/Software Defined Radio	22,400+ documents
MEMS	26,400+ documents
Adaptive Control	41,200+ documents
Collision Avoidance	13,700+ documents

Counts are accurate as of June 2017 and include IEEE/IET content

9 of the top 10

automotive companies subscribe to IEEE *Xplore*.

Source: 2017 Forbes Global 2000 rankings

Manufacturers are using IEEE technology to make vehicles safer, reliable, and more efficient. The 2017 Motor Trend Car, Truck, and SUV of the Year were all designed by organizations that use IEEE information.

IEEE technical societies focusing on automotive engineers include the IEEE Vehicular Technology Society, IEEE Sensors Council, and the IEEE Power Electronics Society.

The IEEE *Xplore*[®] Digital Library

Find a subscription that's right for you—from tailored journal collections to the entire research catalog—with the IEEE *Xplore* digital library. Along with journals, magazines, conferences, standards, eBooks, and eLearning, IEEE *Xplore* delivers:

- The world's most highly cited journals in technology
- More than 4 million full-text documents
- Full-text, searchable PDFs for all documents, and a growing number of HTML documents
- Full INSPEC abstract and citation records
- Daily content updates—approximately 20,000+ new IEEE/IET articles every month
- Multiple search options
- Interactive reference linking
- Free email alerts

IEEE Leads Automotive Technology

IEEE enables innovation as a leading developer and producer of content across a wide range of industries, from standards to conferences, eBooks, and eLearning courses for aspiring individuals and growing organizations. Below is a sampling of IEEE content.

Journals

- IEEE Transactions on Vehicular Technology*—
#3 in Transportation Science & Technology
- IEEE Vehicular Technology Magazine*—
#4 in Transportation Science & Technology
- IEEE Transactions on Intelligent Transportation Systems*
- IEEE Transactions on Control Systems Technology*
- IEEE Transactions on Electromagnetic Compatibility*
- IEEE Intelligent Transportation Systems Magazine*
- IEEE Transactions on Power Electronics*
- IEEE Sensors Journal*
- IEEE Transactions on Intelligent Vehicles*
- IEEE Transactions on Transportation Electrification*
- IEEE Wireless Communications Letters*
- IEEE Wireless Communications Magazine*

Source: 2016 Journal Citation Reports, (Clarivate Analytics, 2017)

Conferences

- IEEE Forum on Integrated and Sustainable Transportation Systems
- IEEE Intelligent Transportation Systems Conference
- IEEE Intelligent Vehicles Symposium
- IEEE International Conference on Vehicular Electronics and Safety
- IEEE International Electric Vehicle Conference
- IEEE Vehicle Power and Propulsion Conference
- IEEE Vehicular Technology Conference—Fall
- IEEE Vehicular Technology Conference—Spring
- Workshop on Positioning, Navigation, and Communication

Standards

- | | |
|----------|--|
| C62.92.3 | IEEE Guide for the Application of Neutral Grounding in Electrical Utility Systems, Part III—Generator Auxiliary Systems |
| 1653.4 | IEEE Standard for DC Traction Power System Field Testing and Acceptance Criteria for System Applications up to 1500 V DC Nominal |
| 1609.12 | IEEE Standard for Wireless Access in Vehicular Environments (WAVE)—Identifier Allocations |
| 1512 | IEEE Standard for Common Incident Management Message Sets for Use by Emergency Management Centers |
| 1473 | IEEE Standard for Communications Protocol Aboard Passenger Trains |
