

“Access to IEEE *Xplore* is extremely important for developing new products—one key publication can save weeks or months of wasted effort.”

—James Nolan
Sr. Technical Staff Engineer,
Microchip Technology

3 of the top 5 consumer electronics companies, and **8 of the top 10** electronics companies subscribe to IEEE *Xplore*.

Electronics Organizations

Innovate with IEEE Information

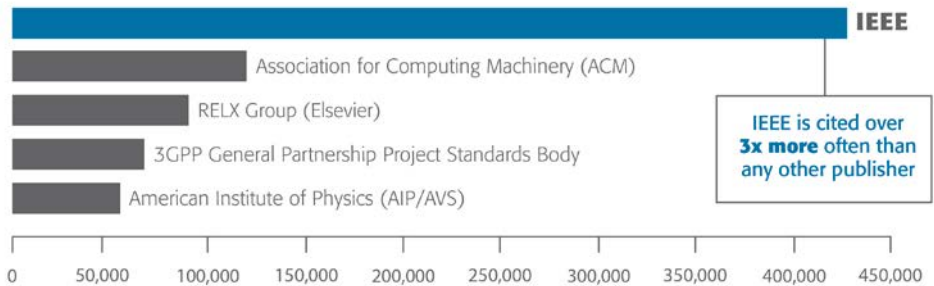

Whether you're developing consumer electronics, broadcast systems, signal processors, or any other type of electronics technology, IEEE is your gateway to the most vital information in the industry today. With the intuitive IEEE *Xplore*® digital library, you'll find the journal articles, conference proceedings, and standards needed to lead electronics innovation—and boost your company's bottom line.

IEEE Information Drives Electronics Patents

Today's electronics corporations deliver new patented technologies at an ever increasing pace, based on research that is at the forefront of the industry. Organizations like Panasonic, Sony, LG Electronics, Sharp, and Olympus all cite high proportions of IEEE literature in patents for new technology.

Patent references to IEEE papers have increased 838% since 1997 and recent studies of the top patenting companies show that **IEEE scientific and technical articles are cited over 3 times more often than any other scholarly or commercial publisher.**

Patent References from the Top 5 Publishers

Essential IEEE Content in Electronics Technology

IEEE content remains crucial to the electronics industry—providing research in a wide variety of topics through the IEEE *Xplore* digital library.

Signal Processing	351,700+ documents
RFID	15,900+ documents
Organic Light Emitting Diodes	2,200+ documents
Embedded Systems	28,900+ documents
Digital Imaging	12,300+ documents
Quantum Computing	6,200+ documents
Control Systems	249,300+ documents
Optoelectronics/OEIC Applications	39,500+ documents
Cloud Computing	34,500+ documents

Counts are accurate as of June 2017 and include IEEE/IET content

The IEEE *Xplore*[®] Digital Library

Find a subscription that's right for you—from tailored journal collections to the entire research catalog—with the IEEE *Xplore* digital library. Along with journals, magazines, conferences, standards, eBooks, and eLearning, IEEE *Xplore* delivers:

- The world's most highly cited journals in technology
- More than 4 million full-text documents
- Full-text, searchable PDFs for all documents, and a growing number of HTML documents
- Full INSPEC abstract and citation records
- Daily content updates—approximately 20,000+ new IEEE/IET articles every month
- Multiple search options
- Interactive reference linking
- Free email alerts

IEEE Leads Electronics Technology

IEEE enables innovation as a leading developer and producer of content across a wide range of industries, from standards to conferences, eBooks, and eLearning courses for aspiring individuals and growing organizations. Below is a sampling of IEEE content.

Journals

IEEE publishes 22 of the top 25 journals in Electrical & Electronic Engineering—*IEEE Industrial Electronics Magazine*—#2 in Electrical & Electronic Engineering—*IEEE Communications Magazine*—#3 in Electrical & Electronic Engineering—*IEEE Signal Processing Magazine*—#4 in Electrical & Electronic Engineering—*Proceedings of the IEEE*—#5 in Electrical & Electronic Engineering—*IEEE Transactions on Industrial Electronics*—#1 in Automation and Control, —*IEEE Transactions on Fuzzy Systems*—*IEEE Transactions on Pattern Analysis & Machine Intelligence*—*IEEE Consumer Electronics Magazine*—*IEEE Transactions on Consumer Electronics*—*IEEE Transactions on Signal Processing*

Conferences

ACM/IEEE Design Automation Conference
 IEEE Conference on Electron Devices and Solid-State Circuits
 IEEE International Electron Devices Meeting
 IEEE International Frequency Control Symposium
 IEEE International Symposium on Industrial Electronics
 IEEE International Interconnect Technology Conference
 IEEE International Conference on Microelectronic Test Structures
 International Conference on Microelectronics
 IEEE Workshop on Microelectronics and Electron Devices

Standards

1140-1994	IEEE Standard Procedures for the Measurement of Electric and Magnetic Fields From Video Display Term
1680-2009	IEEE Standard for Environmental Assessment of Electronic Products
1680.1-2009	Standard for Environmental Assessment of Personal Computer Products, Including Notebook Personal Computers, Desktop Personal Computers, and Personal Computer Displays
1680.2-2012	IEEE Standard for Environmental Assessment of Imaging Equipment
1680.3-2012	IEEE Standard for Environmental Assessment of Televisions
1851-2012	IEEE Standard for Design Criteria of Integrated Sensor-Based Test Applications for Household Appliances
