**Electronics Organizations**  
**Innovate with IEEE Information**

Whether you’re developing consumer electronics, broadcast systems, signal processors, or any other type of electronics technology, IEEE is your gateway to the most vital information in the industry today. With the intuitive IEEE Xplore® digital library, you’ll find the journal articles, conference proceedings, and standards needed to lead electronics innovation—and boost your company’s bottom line.

**IEEE Information Drives Electronics Patents**

Today’s electronics corporations deliver new patented technologies at an ever increasing pace, based on research that is at the forefront of the industry. Organizations like Panasonic, Sony, LG Electronics, Kyocera, and Olympus all cite high proportions of IEEE literature in patents for new technology.

Patent references to IEEE papers have increased 963% since 1997 and recent studies of the top patenting companies show that **IEEE scientific and technical articles are cited over 3 times more often than any other scholarly or commercial publisher.**

**Patent References from the Top 5 Publishers**

**Essential IEEE Content in Electronics Technology**

IEEE content remains crucial to the electronics industry—providing research in a wide variety of topics through the IEEE Xplore digital library.

- **Signal Processing** | 460,300+ documents
- **Asset Tracking (RFID, Bluetooth, UWB)** | 24,300+ documents
- **Organic Light Emitting Diodes** | 3,700+ documents
- **Embedded Systems** | 41,400+ documents
- **Digital Imaging** | 15,500+ documents
- **Quantum Computing** | 8,400+ documents
- **Control Systems** | 303,300+ documents
- **Optoelectronics/OEIC Applications** | 46,500+ documents
- **Cloud Computing** | 61,000+ documents
- **Internet of Things/M2M** | 49,000+ documents

Counts are accurate as of September 2020

IEEE Leads Electronics Technology

IEEE enables innovation as a leading developer and producer of content across a wide range of industries, from standards to conferences, eBooks, and eLearning courses for aspiring individuals and growing organizations. Below is a sampling of IEEE content.

Journals
IEEE publishes 27 of the top 30 journals in Electrical & Electronic Engineering, including
— IEEE Transactions on Pattern Analysis and Machine Intelligence
— IEEE Industrial Electronics Magazine
— IEEE Journal on Selected Areas in Communications
— IEEE Wireless Communications Magazine
— IEEE Signal Processing Magazine
— IEEE Communications Magazine
— Proceedings of the IEEE
— IEEE Internet of Things Journal
— IEEE Transactions on Fuzzy Systems

Source: 2019 Journal Citation Reports, (Clarivate Analytics, 2020)

Other IEEE Electronics Content
— IEEE Consumer Electronics Magazine
— IEEE Transactions on Consumer Electronics

Conferences
ACM/IEEE Design Automation Conference
IEEE Conference on Electron Devices and Solid-State Circuits
IEEE International Electron Devices Meeting
IEEE International Frequency Control Symposium
IEEE International Symposium on Industrial Electronics
IEEE International Interconnect Technology Conference
IEEE International Conference on Microelectronic Test Structures
International Conference on Microelectronics
IEEE Workshop on Microelectronics and Electron Devices

Standards
1680-2009 IEEE Standard for Environmental Assessment of Electronic Products
1680.2-2012 IEEE Standard for Environmental Assessment of Imaging Equipment
1680.3-2012 IEEE Standard for Environmental Assessment of Televisions
1851-2012 IEEE Standard for Design Criteria of Integrated Sensor-Based Test Applications for Household Appliances
