

8 of the top 10 telecommunications companies subscribe to IEEE *Xplore*.

Source: 2020 Forbes Global 2000 rankings

"IEEE *Xplore* motivates us to try new technologies."

—Zhaoming Li, Senior Manager, JDSU

"IEEE *Xplore* provides valuable resources on how to improve our process and products."

—Peter Chen, Process Development Engineer, JDSU

Telecommunications Organizations Innovate with IEEE Information

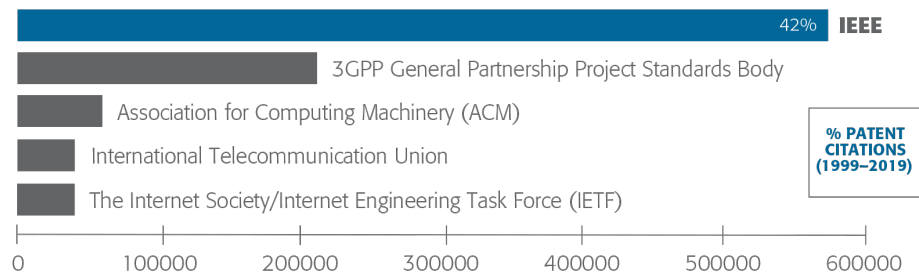

Whether you're researching broadband, WiFi, MIMO, mobile computing or any other telecommunications technology, IEEE is your gateway to the most vital information in the industry today. With the intuitive IEEE *Xplore*[®] digital library, you'll find the journal articles, conference proceedings, and standards needed to lead telecom innovation—and boost your company's bottom line.

IEEE Information Drives Technology Patents

Today's telecommunications corporations deliver new patented technologies at an ever-increasing pace, based on research that is at the forefront of the industry. Organizations like AT&T, Verizon, Comcast, Nippon, CenturyLink, and Orange all cite high proportions of IEEE literature in patents for new technology. Patent references to IEEE papers have increased 963% since 1997 and recent studies of the top patenting companies show that **IEEE scientific and technical articles are cited over 3 times more often than any other scholarly or commercial publisher.**

IEEE: the Top-Cited Publisher in Telecommunications Patents

IEEE is the top scientific and technical research source with 42% of all patent citations in telecommunications.

Essential IEEE Content in Telecommunications Technology

IEEE content remains crucial to the telecommunications industry—providing research in a wide variety of topics through the IEEE *Xplore* digital library.

WiMax—802.16	10,400+ documents
MIMO—Multiple Inputs, Multiple Outputs	62,600+ documents
OFDM and Multi Carrier Systems	46,800+ documents
Cloud Computing	61,000+ documents
Mobile Ad Hoc Networks (MANETS)	17,300+ documents
Edge Computing	7,400+ documents
Smart Grid/Microgrid	47,700+ documents
Sensor Networks/Remote Sensing	194,200+ documents
Antennas	257,700+ documents
Cognitive/Agile/Software Defined Radio	30,700+ documents
5G	20,800+ documents

Counts are accurate as of September 2020

The IEEE Xplore® Digital Library

Find a subscription that's right for you—from tailored journal collections to the entire research catalog—with the IEEE Xplore digital library. Along with journals, magazines, conferences, standards, eBooks, and eLearning, IEEE Xplore delivers:

- The world's most highly cited journals in technology
- More than 5 million full-text documents
- Full-text, searchable PDFs for all documents, and a growing number of HTML documents
- Abstract/citation and bibliographic records for subscribed content
- Daily content updates with up to 200,000 articles added each year
- Multiple search options
- Interactive reference linking
- Free email alerts

IEEE Leads Telecommunications Technology

IEEE enables innovation as a leading developer and producer of content across a wide range of industries, from standards to conferences, eBooks, and eLearning courses for aspiring individuals and growing organizations. Below is a sampling of IEEE content.

Journals

IEEE publishes 21 of the top 25 journals in Telecommunications

1. *IEEE Communications Surveys and Tutorials*
2. *IEEE Journal on Selected Areas in Communications*
3. *IEEE Wireless Communications Magazine*
4. *IEEE Communications Magazine*
5. *IEEE Internet of Things Journal*
6. *IEEE Network*
7. *IEEE Vehicular Technology Magazine*
8. *IEEE Transactions on Wireless Communications*
9. *IEEE Transactions on Multimedia*
10. *IEEE Transactions on Emerging Topics in Computing*

Conferences

IEEE International Symposium on Microwave, Antenna, Propagation and EMC Technologies for Wireless Communications
 IEEE Conference on Computer Communications Workshops
 IEEE International Conference on Communications
 IEEE International Conference on Wireless and Mobile Computing, Networking, and Communications
 IEEE International Symposium on Personal, Indoor, and Mobile Radio Communications
 IEEE Wireless Communications and Networking Conference
 IFIP International Conference on Wireless and Optical Communications Networks
 International Conference on Wireless and Optical Communications
 International Symposium on Wireless Communication Systems
 International Symposium on Wireless Personal Multimedia Communications
 International Wireless Communications and Mobile Computing Conference
 Wireless Telecommunications Symposium

Standards

802	IEEE Standards for Local and Metropolitan Area Networks: Overview and Architecture
802b-2004	IEEE Standard for Local and Metropolitan Area Networks: Overview and Architecture
80-2000	IEEE Guide for Safety in AC Substation Grounding
145-1993	IEEE Standard Definitions of Terms for Antennas
1901-2010	IEEE Standard for Broadband over Power Line Networks: Medium Access Control and Physical Layer Specifications
1364-2005	IEEE Standard for Verilog Hardware Description Language
