Maximize research and product development with IEEE Standards

IEEE standards are used around the world to help industries and companies open business opportunities, generate public and customer trust, build order in the marketplace, and enhance safety. IEEE Standards Online can maximize research and development efforts with unlimited access to the most comprehensive collections of IEEE standards in various industries.

IEEE Standards Online key benefits for research:
• Access to new and revised standards, including draft standards
• Increased productivity by having all your standards in one place
• Real-time updates to the most vital standards in your industry
• Key technology available to fit your company's needs
• Product development to the right specifications

IEEE Standards Online subscription options:
• IEEE All Inclusive
• IEEE All Information Technology
• IEEE All Power and Energy
• IEEE All Telecommunications
• IEEE 3000 Standards Collection™ (formerly IEEE Color Books Power Pack)
• IEEE Arc Flash
• IEEE Blockchain Technology
• IEEE Cybersecurity
• IEEE Digital Health
• IEEE Electromagnetic Compatibility
• IEEE Foundations for Smart Grid
• IEEE LAN/MAN 802®
• IEEE National Electrical Safety Code® (NESC®)
• IEEE Nuclear Engineering
• IEEE Power Distribution and Regulating Transformers
• IEEE Power Protective Relaying
• IEEE Power Switchgear
• IEEE Power Transmission and Distribution
• IEEE Software Engineering

Quick Facts

Make sure users have access to the most up-to-date IEEE standards:
All IEEE active, revised, archived, and draft standards in select technology areas
Automatic email alerts on new standards and drafts
Tailored subscriptions with a full menu of access levels—from a small team to enterprise-wide access
Search standards by subject, title, designation, and keywords using IEEE Xplore
Choose from a variety of technology packages
Select packages include access to IEEE Redline Versions of Standards

Access respected technology research that generates results

IEEE Xplore includes top-ranked journals and technology research that is cited in patents three times more often than any other publisher. With more than 5 million full-text documents, IEEE Xplore is your gateway to more than 30% of the world’s current literature in electrical engineering, electronics, and computing.

Find relevant research faster with powerful search tools

IEEE Xplore combines an easy-to-use interface with powerful search features that make finding relevant research faster and more efficient.

Search: With a robust search engine, Basic, Advanced, and Author search options and a “Refine/Expand Results” module let users modify and find results more easily.

Personalize: Users can also personalize IEEE Xplore to create targeted saved searches and table of contents alerts, and set personal preferences.

New Features: These include improved discoverability of content including Most Popular filter, My Favorite Journal alerts, and enhanced search history; remote access options to ensure users are seamlessly connected to the content they need; My Research Projects feature; and the option to follow your favorite IEEE author with new Author Alerts.
