Aerospace and Defense Organizations
Innovate with IEEE Information

Whether you’re researching biological and germ warfare, intelligence surveillance, sensor networks, or any other aerospace and defense technology, IEEE is your gateway to the most vital information in the industry today. With the intuitive IEEE Xplore® digital library, you’ll find the journal articles, conference proceedings, and standards needed to lead aerospace and defense innovation.

IEEE Information Drives Technology Patents
Today’s aerospace and defense organizations deliver new patented technologies at an ever-increasing pace, based on research that is at the forefront of the industry. Organizations like Airbus, Boeing, BAE Systems, Raytheon, and Northrop Grumman all cite high proportions of IEEE literature in patents for new technology.

Patent references to IEEE papers have increased 864% since 1997 and recent studies of the top patenting companies show that IEEE scientific and technical articles are cited nearly 3 times more often than any other publisher.

Patent References from the Top 5 Publishers

IEEE Leads Aerospace and Defense
IEEE enables innovation as a leading developer and producer of content across a wide range of industries, from standards to conferences, eBooks, and eLearning courses for aspiring individuals and growing organizations. Below is a sampling of IEEE content.

Journals
—IEEE Transactions on Aerospace and Electronic Systems—
#3 in Aerospace Engineering
—IEEE Aerospace and Electronic Systems Magazine
—Journal of Lightwave Technology
—IEEE Nanotechnology Magazine
—IEEE Security & Privacy Magazine
—IEEE Sensors Journal
—IEEE Transactions on Vehicular Technology

Source: 2020 Journal Citation Reports, (Clarivate Analytics, 2021)

Conferences
IEEE AUTOTESTCON
IEEE Avionics, Fiber-Optics, and Photonics Technology Conference
IEEE International Symposium on Phased Array Systems and Technology
IEEE National Aerospace and Electronics Conference
IEEE Radar Conference
IEEE/AIAA Digital Avionics Systems Conference
Integrated Communications, Navigation, and Surveillance Conference
International Conference on Recent Advances in Space Technologies
International IEEE Conference on Microwaves, Communications, Antennas, and Electronic Systems

Standards
1672 IEEE Standard for Ultrawideband Radar Definitions—Corrigendum 1
1554 IEEE Recommended Practice for Inertial Sensor Test Equipment, Instrumentation, Data Acquisition, and Analysis
802 IEEE Standard for Local and Metropolitan Area Networks: Overview and Architecture
