

SAE eBooks Library

Delivered through the IEEE *Xplore*® Digital Library

IEEE has partnered with SAE International to bring the SAE eBooks Collection to the IEEE *Xplore* digital library

This high-quality collection of eBook titles provides a quick, trustworthy introduction to emerging topics on aerospace, automotive, and commercial vehicle technology. With approximately 365 titles dating back to 1990, it is an authoritative resource for graduate students, faculty, corporate engineers, and researchers.

SAE eBooks Library content areas:

Take advantage of detailed content related to design, systems, engines, materials, and new technologies to support research and product development, with an emphasis on leading areas of applied research, such as:

- Accident Reconstruction
- Additive Manufacturing
- Advanced Manufacturing
- Aerospace Technology
- Automated and Connected Vehicles
- Automotive History
- Electrification
- Human Factors and Crash Research
- Power and Propulsion
- Vehicle Cybersecurity

A sampling of some recent and popular titles:

- *Advanced Hybrid Powertrains for Commercial Vehicles*
- *Characterizing the Safety of Automated Vehicles*
- *Engine Combustion: Pressure Measurement and Analysis*
- *Error Analysis and Uncertainty in Accident Reconstruction*
- *Flight Paths to Success: Career Insights from Women Leaders in Aerospace*
- *Fundamentals of Vehicle Dynamics*
- *Project Management for Mobility Engineers: Principles and Case Studies*
- *Racing Toward Zero: The Untold Story of Driving Green*

Quick Facts

Access to approximately 365 titles, with up to 25 new titles introduced each year

Subject matter focuses on aerospace, automotive, and commercial vehicle technology

Cutting-edge information about the latest on emerging technologies with a strong focus on scientific and technological innovations

5,900+ individual chapters available

Backlist to 1990

KBART/MARC records available via the OCLC website (OCLC.org)

Available as an add-on to existing subscriptions or as a stand-alone product*:

Annual Subscription Option

Provides leased access to current year eBook titles, plus leased access to the backlist of 340 titles.

Purchase Option with Perpetual Access**

Provides perpetual access to current year eBook titles, plus perpetual access to the backlist of 340 titles. An option to expand the collection by purchasing new frontlist titles each year is also available.

*Territory restrictions may apply in certain markets. Contact an IEEE Sales Representative to learn more.

**Perpetual access to the collection is offered via IEEE *Xplore*

For a complete list of titles included in the collection, visit www.ieee.org/sae-ebooks

For a custom quote, contact an IEEE Sales Representative.

SAE eBooks Library

Delivered through the IEEE *Xplore*® Digital Library

Access respected technology research that generates results

IEEE *Xplore* includes top-ranked journals and technology research that is cited in patents nearly three times more often than any other publisher. With more than 5 million full-text documents, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computing.

Find relevant research faster with powerful search tools

The SAE eBooks Library is searchable in IEEE *Xplore* by title, keyword, or subject, which will return all titles and eBook chapters relevant to your query. Keyword or subject searching allows users to find the topic of interest easily at the chapter level, while a title search allows users to view an eBook title's home page with table of contents linking to full-text chapters.

IEEE *Xplore* also provides:

- More than 5 million documents in full-text PDF format, with nearly four million in a robust, dynamic HTML format
- Multiple authentication options for on-site, remote, and mobile users
- Abstract/citation and bibliographic records for subscribed content
- Mobile-friendly design
- Daily content updates

About SAE International:

Known as an authoritative resource by top engineering companies and universities around the world, SAE International is a global association of more than 128,000 engineers and related technical experts specializing in the aerospace, automotive, and commercial-vehicle industries.
