Delivered through the IEEE Xplore® Digital Library

## Now Publishers Foundations and Trends eBooks Library – new AI collection now available!

These high-quality eBook titles provide a quick, trustworthy guide for graduate students, corporate engineers, and researchers looking for a high-level introduction to new subject areas. The Technology Collection includes more than 750 titles in computer science, energy, and engineering, and the new AI Collection is a separate package that offers new 2025 titles covering topics in AI and data science.

### Foundations and Trends Technology eBooks Library delivers key benefits:

- Provides short reviews and tutorials of approximately 150 pages in monograph form on important and timely topics
- Delivers information about the latest on emerging technologies, authored by leaders in the field
- Helps research departments and design teams understand and adopt new technologies faster
- Four collection options available:
  - **Technology Collection** includes ALL content from the Computer Science and Engineering/Energy Collections
  - **Computer Science Collection** covers databases, privacy and security, programming languages, and more
  - **Engineering/Energy Collection** covers networking, signal processing, optics and photonics, and more
  - **AI Collection** covers robotics, machine learning, computer graphics, optimization, and more **NEW!**

### A sampling of some recent and popular titles:

- *Consensus in Data Management: From Distributed Commit to Blockchain*
- *Artificial Intelligence and Entrepreneurship*
- *Graph Neural Networks for Natural Language Processing: A Survey*
- *Haptics for Human-Computer Interaction: From the Skin to the Brain*
- *Recent Advances in Testing Techniques for AI Hardware Accelerators*
- *Towards Better User Studies in Computer Graphics and Vision*
- *Voltage Stability of Power Systems*

## Foundation and Trends eBooks Library content areas:

### AI Collection:

- Theoretical Computer Science
- Computer Graphics and Vision
- Cognitive Science
- Machine Learning
- Optimization
- Robotics
- Statistics

### Computer Science Collection:

- Databases
- Human-Computer Interaction
- Information Retrieval
- Information Systems
- Privacy and Security
- Programming Languages
- Theoretical Computer Science

### Engineering/Energy Collection:

- Communications and Information Theory
- Electronic Design Automation
- Electric Energy Systems
- Integrated Circuits and Systems
- Networking
- Optics and Photonics
- Signal Processing
- Systems and Control
- Technology, Information, and Operations Management

## IEEE Xplore also provides:

- More than 6 million documents in full-text PDF format, with over four million in a robust, dynamic HTML format
- Multiple authentication options for on-site, remote, and mobile users
- Abstract/citation and bibliographic records for subscribed content
- Mobile-friendly design
- Daily content updates
